SABHAVATH AJAY

Mahabubnagar, Telangana, India | 9505988949 | sabavathajay93@gmail.com

PROFESSIONAL SUMMARY

Motivated Computer Applications graduate with strong foundations in Java, Python, C/C++, and web technologies. Hands-on experience designing and developing software projects, including a full-featured code editor application and a Flask-based digital certificate management system. Skilled in object-oriented programming, data structures, and database management, with a strong grasp of the software development life cycle (SDLC). Eager to contribute technical skills and problem-solving abilities in an entry-level software development or IT role.

TECHNICAL SKILLS

Programming Languages: Java, Python, C, C++
Web Technologies: HTML, CSS
Databases: MySQL
Core Concepts: Data Structures, Object-Oriented Programming (OOP), Software Development Life Cycle (SDLC)
Tools & Software: MS Office (Word, Excel, PowerPoint), Adobe Photoshop

PROJECTS

Code Editor Software *Aug 2025 - Oct 2025*

- Designed and developed a functional code editor application, covering the full software development life cycle from requirements gathering to implementation.
- Architected the user interface and feature layout, including syntax highlighting, auto-completion, and real-time error detection modules.
- Gained in-depth understanding of code editor architecture, workflow, and IDE design patterns applicable to production-level software tools.
- Applied SDLC principles including planning, design, development, and testing phases to deliver a structured and documented software product.

E-Certificate Generating System

- Developed a web-based certificate management system using Python Flask for generating, managing, and verifying digital certificates.
- Implemented admin authentication and protected routes using Flask sessions and password hashing for secure access.
- Designed a SQLite database to store certificate details, user credentials, course information, event details, and issuance dates.
- Developed automated PDF certificate generation with ReportLab, including custom layouts, borders, typography, signatures, certificate IDs, and QR codes.
- Created a public certificate verification workflow enabling users to verify certificates through a unique certificate ID and QR code.
- Tech Stack: Python, Flask, SQLite, ReportLab, QR Code, HTML/CSS, Jinja2.

EDUCATION

Bachelor of Computer Applications (BCA) *2023 - 2026*
Nizam College, Hyderabad, Telangana | CGPA: 7.8 / 10.0

Board of Intermediate Education (MPC / Vocational) *2021 - 2023*
TMRIES Vocational Junior College, Telangana | Percentage: 98%

Board of Secondary School Certificate (SSC) *2020 - 2021*
Bhashyam High School, Telangana | GPA: 10.0 / 10.0

RELEVANT COURSEWORK & STRENGTHS

- Data Structures & Algorithms
- Object-Oriented Programming
- Database Management Systems
- Web Development Fundamentals
- Software Engineering Principles
- Problem Solving & Analytical Thinking
